Fall is in the Air

It's starting to cool off around here, and we're noticing the days are getting shorter. Fall is here, whether we are ready for it or not. When people think of fall, they think of warm drinks, pumpkins and beautiful leaves. Some people look forward to fall as their favorite time of year, because it means football is back! Whatever your reasons are for looking forward to fall, it's a reminder that soon the days will be short, and it's good to enjoy outdoor and group activities before the days are too cold and wet. Halloween is a good reason to go find something fun, whether it's about being scared, celebrating the last of the harvest, getting lost in a corn maze or dressing in a silly costume. There's a lot of choices for things to do in the area, and while this is not a comprehensive list, it's a starting point if you're looking for some fun ideas. Be sure to call or get in contact with the event before going to ensure there's room available.
